

## FEEL GOOD IN THE NEIGHBORHOOD

# **39 KALAMIŞ** HOTEL & RESTAURANT & BAR

# Are you ready to experience the 39 sensation with us, in the carefree journey of a stork?

Storks carefully choose the place they will stay, paying attention to its energy. In many parts of the world, storks symbolize closeness to humans, home, forgiveness, and kindness.

In Aesop's Fables, they are described with maternal identities, and in children's books, they are an example of respect for parents. In Ancient Greece, storks were considered sacred beings. Muslims respect storks because their migration routes pass through Mecca each year. It is believed that a stork nest on the roof protects the house in Germany, while in Lithuania and Ukraine, it brings harmony to the home. Storks have been featured on postage stamps in over 60 countries. In world culture, storks symbolize travel and wanderlust.

We incorporated our stork, symbolizing the diversity and vibrancy of the world, into our circular brush-stroke emblem. While the stork reminds us of travel, we want you to know that we will be happy to host you in our unchanging cycle of hospitality and look forward to your return. As 39 Kalamış Marina, we welcome you with stork, a figure rich in artistic symbolism.

# Şehirde Vaha urban oasis

39 Kalamış Marina Hotel & Restaurant & Bar, which dances with the spirit of Kalamış, was born in 2019 as an oasis in the heart of the city. Münteha Adalı met David Arranhado, who brings the streets of Lisbon to life with colors and art, and invited him to reflect his imagination and artistic power at 39 Kalamış.

David Arranhado brought color and soul to the neighborhood by reflecting his love of nature on the hotel's exterior. By bringing his art from the outside in, the Oasis in the City concept came to life in every corner. The nature that comes to life in the rooms, in the area leading to 39 Gallery, and in the backyard is designed to offer our guests the joy of being within a work of art. The walls seem to tell a story, leading guests to a new discovery with every step.

When Münteha Adalı's vision met David Arranhado's art, a new color was added to the heart of Istanbul.

Art in Neighborhood

At 39 Gallery, located on the -1 floor of our hotel, we host artists who represent the diverse colors of society. 39 Gallery has become a hub for exhibitions, meetings, and events, and we support every kind of creative idea!

Portuguese artist David Arranhado's murals, sculptor Miguel Rodrigues' sculptures transformed from plastic to metal, and Serap Şenoğlu's Little Red Riding Hood artwork accompany you on your journey to our gallery.

We aim to make art accessible to every segment of society and invite all artists and art enthusiasts to join us.

Feel the Warmth

For us, a hotel is not just a place to stay; it is about sharing, hospitality, and the comfortable presentation of joy.

Sometimes, entering a room might initially make you feel alone. However, we strive to ensure that the warmth of the room embraces you, making you feel less like you're alone and more like you're being welcomed into a close friend's home. We've put care into ensuring that our rooms contain the healing power of art.
